

WELCOME BACK TO BALLET 2020-TERM 1

Australian Dance Academy

Welcome back and Happy New Year to everyone. We hope your break was just what you needed. I was lucky enough to travel far and wide with my husband Tony and had a fabulous time. I am Back in the studio now eagerly waiting for the new year to begin. It is an exciting time, our teachers are prepared and just waiting for the studios to be filled with smiling faces ready to dance. It is always a pleasure to see our young ones progress to their next level, beginning the term taller and more mature.

It is also a wonderful time of year to get to meet new parents and their slightly nervous children who are wanting to start classes. It takes a little bit of getting used to and we are proud to have you as a parent or student of the Australian Dance Academy.

Australian Dance Academy 2020

RETURNING TO CLASSES
SATURDAY 1ST FEBRUARY 2020

Term 1 |

Our Australian Dance Academy Newsletter is emailed every two months to keep everyone up to date with important dates, student news, points of interest in the world of dance at home and around the world and to give you snippets of information which may help parents who are not familiar with dance. Young dancers are usually very passionate, creative people who can be perfectionists and very sensitive.

The Australian Dance Academy is the training School for Duprada Dance Company. Young dancers who progress through the ballet school are given the opportunity to become part of a unique organisation now in its 36th Year of performing traditional ballets and original choreography throughout the Territory and beyond.
